**AWAY DAYS**

**“Great venue, lovely hosts and the games were really fun and inventive. I learnt a lot about me and my colleagues”**

*- Poached Creative staff member*

Ugly Duck is a social enterprise which revitalises underused spaces. Our bespoke away day packages will bring you into inspiring raw venues, giving you the perfect environment in which to think creatively, strengthen group dynamics and recalibrate your organisation’s strategy. We have carefully selected a group of local independent suppliers who will make your away day exciting and memorable.

Our away days start with a blank canvas, to which you can add extras, helping you build the perfect bespoke away day for your team.

## **The Blank Canvas**

## Forum Theatre Workshop

*from £12 extra per person*

*"As well as being great fun, it was also really insightful and an opportunity for people to come out of their shells."*

Forum theatre is a school of theatre-making which offers theatre as a tool for liberation and empowerment to people in all stations of life. This workshop is comprised of games and exercises which use theatre as a way of better understanding ourselves and how we fit into and can change the worlds around us. It is a great way to bring team members together to discuss with and understand each other.

This is an active and fun workshop which can be adapted to suit people with disabilities and is suitable for non-actors and actors alike.

## City Hunt

from £12 extra per person

*"It's a nice way to spend a morning, out in the fresh air and learning about the area. It makes you look up and around you."*

Ever heard of Bella Burge, the feisty music hall performer who transformed a chapel into a popular boxing ring? Have you seen an upside down house in passing? Did you imagine that the criminal underworld of Oliver Twist lay so near the footsteps of Tower Bridge?

City Hunt takes you on a treasure hunt through Bermondsey, where your team must uncover hidden histories, learning about the area on the way. Those who answer most clues correctly win a prize. But no one goes home empty handed...

Companies will need to provide one data enabled device per team of 3-5 people.

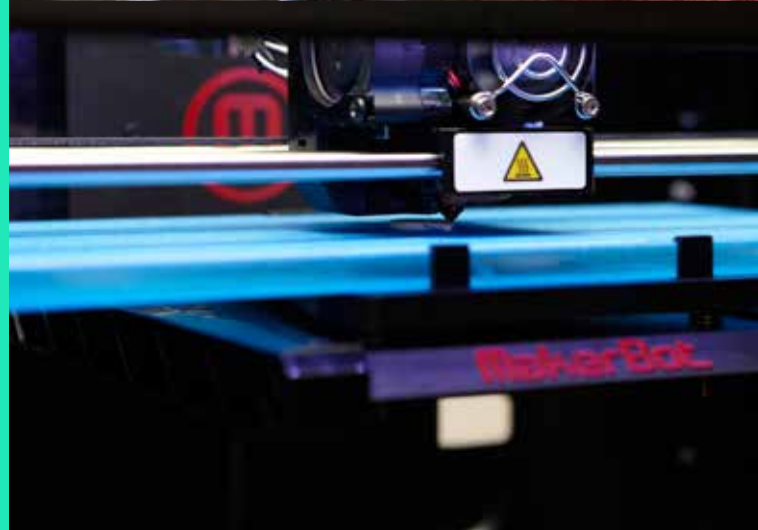

# ACTIVITIES

## 3D Printing Workshop

from £24 extra per person

*Delivered by Andrew Marsh MEng, Subject leader in MSc Applied Technologies and Digital Manufacture at Ravensbourne University.*

3D printing is one of the biggest and most exciting developments of the 21st century, and this accessible brand-focused workshop will help you to crack it. The team will come together to deconstruct and visualise their brand and then design and manufacture a pendant, keychain or another object relevant to your company. The technology and its possible applications will be explained and everyone will come away with their own memento from the day. We will also 3d scan your staff and send you away with a fully 3d team photo and model.
